CANTON.

Sawmill Burned
The sawmill located near the residence of Appleton Dodge on the Livermore road, Canton owned by Alonzo G. Rich of Canton Point, burned at 5:30 p. m. Wednesday, May 14th. The workmen had just left the mill when the fire was discovered. The boiler was unhurt but the engine and sawing were considerably damaged. The machinery had just been repaired in good shape and a new saw put in. They had about 200,000 feet of lumber to saw and but little of it had been sawed. The lumber of Asa F. Campbell had been finished and they were at work on that of Rich and Wilkins. Mr. Rich estimates the damage to be about \$2,000, with no insurance. It will immediately be repaired or new machinery put in to finish sawing. Fire caught several times during the day, but was extinguished. A wagon loaded with logs caught fire but a passing motor truck hauled it to safety, after one wheel had been damaged. The huge pile of sawdust is still burning.

This Corn Will Peel Right Off!

"Gets-It" Makes Corns Come Off The "Banana-Peel" Way!

Why have to flop on the floor, squeeze yourself up like the letter "Z", and with bulging eyes draw your face up into a wrinkly knot while you gouge and pull at the "quick" of a tender corn? That's

2 or 3 Drops Applied in a Few Seconds—There's No Fussing or Cutting—"Gets-It" Always Works!

the old, savage way. "Gets-It" is the modern, painless, simple way. Lean over and put two drops of "Gets-It" on the corn, put your stocking and shoe right on again, and forget the corn. Pain is eased. "Gets-It" has revolutionized the treatment of corns. It never irritates the true flesh. You'll stop limping on the side of your shoe, and do away with greasy salves, bandaging bandages, thick plasters and painful methods. Use "Gets-It," it's common sense.

Music Will Help You

To Harmonize Yourself with your condition Your work with your pleasure Your Family with your home.

MUSIC will help you to live your life so as to get the most out of it, to do your work so you can put the most into it, and it will help every member of your family as it helps you.

We have just passed through strenuous times. Music carried us over the rough places, kept our hearts up and our nerves steady. The whole nation worked with a will, worked together and accomplished its purpose to the rhythm of music. And the rhythm of music will never pass out of our lives. It will be waiting for us at the end of a hard day's task, it will bring us rest when rest is what we need. It will add to our gaiety when we want the brightness to sparkle. It will fill the empty chair when we are lonesome. It will bring us quiet contentment, rich enjoyment, solid comfort according to our desire and the need of the moment.

Yes, it will help every one of us over stony paths and along the broad highway. And it will help each member of our family, for it develops that community of interest, that bond of unity so valuable to a Family or to a Nation.

FOLKS are a heap like tobacco. Thar's hot-headed, bitey folks. Thar's flat, uninterestin' folks. An' then thar's folks like Velvet—mild, but hearty an' fren'ly, too.

Velvet Joe.

"Friendly" is a very good word to describe the positively pleasing quality that sets VELVET tobacco apart.

There is that indescribable something about VELVET that is associated in men's minds with the thought of a friend.

It is a satisfying smoke—never harsh; without a bite. Like a friend it "agrees" with you no matter how much you use it.

Long, patient ageing—in wooden hogsheads—does it. Friendship must ripen slowly. Good tobacco the same way. An army of men have learned this through VELVET.

Today is a good time to get a lot of comfort out of a pipeful of friendly VELVET.
